

Linter report — Marco L. (FICTIONAL DEMO DATA) (2026-08-10) — passport v1.1

check	status	detail
blocked tokens in teacher-guide.md	PASS	clean
blocked tokens in parent-guide.md	PASS	clean
blocked tokens in social-story.md	PASS	clean
blocked tokens in therapist-summary.md	PASS	clean
verbatim script identical teacher/parent	PASS	Before we tidy up: 5 more minutes, then we tidy the trays together.
freshness: sections untouched >30 days	PASS	all sections within 30 days

Blocking sensitivity gate (drill)

- Faulty parent-report draft (deliberate) → FAIL — delivery blocked
- tokens: assessment, clinical, goal progress, goals file
- Regenerated cleanly → all views re-checked: PASS (see table).

SAME WORDS — SAY IT EXACTLY

The drill proves: a single blocked token blocks the whole pack until a human fixes it.
